Freemen

Against
Communist
Tyranny

Tyranny has many faces,
freedom only one.

Testify before state committees against subversive organizations.

Vietnam coined the phrase, "There is a VC in TOC". Vietnam Veterans know exactly what that means. Today; it applies to our public officials. We have many Quislings within our midst, loyal to the values of foreign nations, in all branches of government.

Kruszchew long ago said he would bury our grandchildren. The Soviets said we would fall like ripe plums! Have not families, communities and even states already done so?!

George Washington in his era said, "a decay of public virtue has fed the hopes of the enemy... cannot our common country America, possess virtue enough to disappoint them?"

From the Magna Carta to the Mayflower Compact, and the Declaration of Independence **Freemen** have raised this banner of **Liberty** - God, Family & Country.

Tyranny begins where God leaves off.
William Penn

I do solemnly swear that I will support and defend the constitution of the United States against all enemies foreign and DOMESTIC...

Oath of Allegiance

Such is the goal of American Freemen Against Communist Tyranny. We recognize that the ENEMY WITHIN is far greater than the enemy without.

Lincoln said, No invader could conquer us or take a drink from Mississippi unless aided by our own citizens.

A-FACT recognizes the **four basic goals** of groups working from within to overthrow a free nation.

1. Destroy God:

- Thereby the concept of inalienable rights.

- Under terms like human and civil the state determines your rights.

2. Destroy the Family:

- Promote pornography, promiscuity and homosexuality as normal, natural, and healthy.

- The Russian Rules for Revolution found after WWI (1919) call for corrupting the young by getting them interested in sex and sports.

- To say communist party encourages sexual immorality is to understate the FACT... the party demands it... the party not only encourages, it demands that members engage in illicit sex acts (Swallows and Ravens).

Julie Brown, FBI Agent

- Promiscuity has been raised to a marxian principle.

Whittaker Chambers
(Exposed Alger Hiss - "The Witness")

- Of all the dispositions and habits which lead to political prosperity, **religion** and **morality** are indispensable supports. In **vain** would a man claim the tribute of **patriotism**, who should labor to subvert these great pillars of **human happiness**.

George Washington

- Of such is the nature of the ACLU along with the National Lawyers Guild and the NEA. The ACLU Ph, or is it pH factor (promo, promis, and homo) is destroying America from within. They are dividing our country in to classes, races and regions. (Atzlan)

- The ACLU is closely associated with the Communist movement in the US, and fully 90% of its efforts are in behalf of Communists

1931 71st Congress Fish
Committee Report

- The ACLU is definitely a Communist Front Organization.

CA Senate 1943

3. Destroy Property Rights:

- Transfer of wealth through socialistic taxation.

- The IRS is based word for word on the 2nd plank at the communist manifest. (13th Amendment)

- The UN transfers wealth out of our country. (North American Union)

4. Protect Criminals:

- Keep them alive and on the streets.

- Blame others for their faults and problems.

**In other words, heck with God,
sleep with us and we'll steal
someone else's money.**

***Socialism doesn't work,
never has worked,
and never will work.***

**To carry out our
primary goal we will:**

Publish a voting record on bills, promoting these goals. Subversive groups promote them in order to alter and abolish our founding principles of liberty. (First of all by an all out attack on the Founding Fathers.)

Interview public officials of interest on the knowledge of the Constitution and the enemy domestic. We are a democratic republic, not a democratic democracy.
